Under H for Home Team, mark the number of the players who scored. Under A, do same for Away Team players.

Mark an X in the box below a player number if they scored 2 points. Mark two Xs for 3 points. This keeps the running score in the black box updated.

For example, Home Team Player 23 scored 2 points then Home Team Player 30 scored 3 points. Running score is 5 points

For the Away Team, player 7 scored 2 points, then player 9 scored 1 point (free throw). Running score is 3 points.

Record Scores after each Period. Record game Location, Date, and Winner.

Record names of game officials. Head referee can sign the official scoresheet.
